Highlights

50 mm speaker driver
The 50 mm speaker driver combines the sensitivity of composite Mylar material with the power of neodymium for the magnetic circuit to deliver powerful, distortion-free sound.

24k Gold-plated plug
Rest assured that the precious metal gold finishing on the plug will give you a more reliable connection for better quality audio.

Full size design
Full-size earshells of these Philips headphones not only cover your whole ear for better sound quality, but also provide space for a larger, higher performance driver.

LC-OFC cable
The extremely pure copper used for this cable minimizes transmission losses and delivers superb signal quality to the headphone, and pure sound to your ears.

Single-sided cable
The cable is conveniently connected to just one side, considerably reducing the risk of tangling and simplifiying winding the cable up for storage.

4m cable
A detachable cable is convenient to connect or store away depending on your needs.

Easy adjustable headband
The easily adjustable mechanism provides a comfortable close fitting acoustic seal between the ear cushion and ear, ensuring optimal performance.

Unique cable locking mechanism
Paying attention to even the smallest detail, the acoustic engineers refined the design of the locking mechanism to ensure the detachable cable does not accidentally come lose.
